Dear Ron:

I just received a copy of your UPDATE newsletter and wanted to compliment you for a job well done. On behalf of our development team at Cressy & Everett and Edison Lakes, we genuinely appreciate the help and support that you, Pat McMahon, and others have given. Obviously, recruiting new companies and new businesses to our community requires a full-fledged team effort to achieve any type of success.

Thanks again.

Best personal regards,

Donald G. Cressy
