Dear Ron:

This is a quick note to congratulate you on your excellent presentation at the Montessori Board Meeting on February 19th. My personal opinion is that it all can be accomplished. I liken your project to some of the ones that I have accomplished over the years, and I accomplished them because nobody ever told me I couldn't do it. So I just did it. I got hung up when people said this or that can't be done, and I believed them and, therefore, it didn't get done. Some of the things that I have accomplished people said, "Well you weren't suppose to do that." Well I did it.

You have my 100% support on your project for Montessori. Both of the presentations that I have listened to have been excellent.

Keep up the good work.

Sincerely,

Michael Roman  
Montessori Academy Board Member
