Dear Ron,

I wanted to take this opportunity to thank you and tell you how impressed I was on the great job you and your group did while taping at Terry Bradshaw's ranch. You along with Chris, Phil and Shelley are all to be commended for the professionalism that was displayed throughout the shooting. You all were extremely professional and did an outstanding job. You represented Evergreen Recreational Vehicles most admirably.

Thank you again for the outstanding job you did and I look forward to working with you and your people again when the occasion arises.

Very sincerely,
